

Strengthen Applicant's login Strong password policy on TVP system

Strong password Policy

Precautions when I set up my password?

- Your password must contains 8 to 20 characters
- Your password must combine at least 1 uppercase and lowercase letters, numbers, and symbols
- Your new password cannot be the same as the old password
- You are advised to change your password regularly

Enforce to reset password after login

Reset Password

- For security reasons, your account you're trying to access is raised to a higher security level. Thus, we need you to change your password to make sure your password satisfies the password criteria:

- A strong password is required.
- Strong passwords are 8 to 20 characters and must combine uppercase and lowercase letters, numbers, and symbols.
- The new password cannot be the same as the old password.
